(c) The Government has adopted a multi-pronged approach for effective domination and to check trans-border crimes including animal smuggling along the Indo-Bangladesh border of the country. The steps taken in this regard inter-alia includes:

- Effective domination of the border by carrying out round the clock surveillance of the borders by patrolling nakas (border ambushes) and by deploying observation posts all along the international borders of the country.
- The riverine segments of international borders of the country are being patrolled and dominated with the help of water crafts/speed boats/floating Border Out Posts (BOPs) of Border Security Force (BSF) water wings.
- Construction of fence, patrol roads, floodlighting systems and additional Border Out Posts.
- Usages of Hi-Tech surveillance equipments along with day and night vision devices for further enhancing the border domination.
- Vulnerability mapping of the Border Out Posts (BOPs) which are sensitive with regard to illegal migration/smuggling/human trafficking along the Borders has been carried out. These identified BOPs have been strengthened by deploying additional manpower, Special Surveillance Equipment, vehicles and other infrastructure support.
