Government of India
Ministry of Home Affairs
IS-II Division: Arms Section**

--

**9th Floor, Lok Nayak Bhawan,
Khan Market, New Delhi - 110003.**

Dated, the 24th Dec, 2009.

To

**The Secretary (Home),
All States / UTs.**

Subject: Draft Ammonium Nitrate Rules, 2009 - regarding.

Sir,

The draft Ammonium Nitrate Rules, 2009 have been uploaded on the website of Ministry of Home Affairs i.e. <http://mha.gov.in/>.

2. Comments, if any, in this regard, may please be sent to Shri S K Malhotra, Deputy Secretary, Ministry of Home Affairs, 9th Floor, Lok Nayak Bhawan, Khan Market, New Delhi within two weeks time i.e. by 14th Jan, 2010 at Fax No. 011 – 2469 7124 or at email id - sudhir.malhotra@nic.in.

Yours faithfully,

(Amar Chand)
Under Secretary to the Government of India
Tele 011- 2461 0466
Fax No. 011 – 2469 7124

Copy for information with the request to offer their specific comments, forwarded to : -

Under Secretary to the Government of India

AMMONIUM NITRATE RULES, 2009.

Chapter I Preliminary

1. **Short title and commencement.**- (1) These rules may be called the Ammonium Nitrate Rules, 2009.
 - (2) They shall come into force on the date of their publication in the Official Gazette.
2. **Definitions.**-(1) In these rules, unless the context otherwise requires, -
 - (2) **“Act”** means the Explosives Substances Act, 1908(6 of 1908);
 - (3) **“Ammonium Nitrate”** includes any product containing greater/more than 45 % Ammonium Nitrate by weight including emulsions, suspension **“Ammonium Nitrate Melt”** or gel primarily made up of Ammonium Nitrate (with or without inorganic nitrates) containing other substances such as oxidisers and fuels;
 - (4) **“Chief Controller”** means Chief Controller of Explosives;
 - (5) **Competent Person”** means a person well conversant in safe storage, transportation and handling of AN as the case may be.
 - (6) **“Controller”** includes Joint Chief Controller of Explosives, Deputy Chief Controller of Explosives, Controller of Explosives and Deputy Controller of Explosives;
 - (7) **“Converter”** means a person or an agency which undertakes conversion of melt form of Ammonium Nitrate into solid form followed by its bagging at his premises.
 - (8) **“Conservator”** includes any person/agency/firm acting under the authority of the officer or body of persons appointed to be conservator of a port under section 7 of the Indian Ports Act, 1908 (15 of 1908);
 - (9) **“District Authority”** (a) in towns having a Commissioner of Police, the Commissioner or a Deputy Commissioner of Police;
(b) in any other place, the District Magistrate;
 - (10) **“Explosive”** as defined under Rule 4(d) of Explosives Act, 1884.
 - (11) **“Form”** means a Form specified in Schedules annexed to these rules;
 - (12) **“Manufacture”** means manufacture of Ammonium Nitrate for all industrial applications other than complex fertiliser manufacture and also includes conversion from the melt into solid form;
 - (13) **“Occupier”**, in relation to a premises means a person who has the control and is responsible for managing the affairs of the premises, and includes, in

relation to Ammonium Nitrate, the person in possession of the Ammonium Nitrate:

Provided that in relation to a-

- a. proprietary firm, the proprietor; or
- b. partnership firm, the partner nominated in writing by all other partners; or
- c. company, the director nominated in writing by the Board of Directors; or
- d. society or association, the office bearer nominated in writing by the governing body;

shall be deemed to be the occupier;

(14) "Permit" means pre-requisite document to import, export, stevedoring, bagging, transport, possess, sale and use of Ammonium Nitrate.

(15) "Store house" means independent building meant to possess Ammonium Nitrate;

(16) "Stevedore" includes any person/agency/firm which undertakes loading and unloading of bulk Ammonium Nitrate from the ship, its transport to the storehouse at the port site for bagging.

(17) "Security management plan" means the comprehensive plan for ensuring and managing security in Ammonium Nitrate manufacturing factory, stevedoring, transport, storage and usage premises;

3. **Scope of applicability of rules and exemptions.** - (1) These rules are applicable for regulating the () import, export, stevedoring, transport, and possession for sale or use of Ammonium Nitrate for bonafide use.

(2) Nothing in these rules shall apply to possess, use, transport or import of Ammonium Nitrate by -

(a) any of the Armed Forces of the Union and Ordnance Factories or other establishments of such Forces for own use in accordance with the rules or regulations made by the Central Government;

(b) Indian railways while acting as carrier;

(c) any person employed under the Central or State Government in exercise of any power under the Act or these rules.

(d) established laboratories, educational institutions, medical institutions, hospital and health clinics or for any other purpose with the approval of District Authority.

Chapter II General provisions

4. **Regulating stevedoring, import, export, transport, possession for sale or use of Ammonium Nitrate** - No person shall undertake stevedoring, import, export, transport, possess for sale or use of Ammonium Nitrate except as authorised or permitted under these rules.
5. **Pre-requisite for grant of permit.**- No permit shall be granted unless otherwise all the relevant provisions laid down under these rules and all conditions contained in the permit as per Schedule annexed to these Rules are complied with.
6. **General Restrictions.** - (1) **Restriction on storage and conversion** - No Ammonium Nitrate shall be converted at any place except at converter's premises duly permitted.
 - (2) **Restriction on stevedoring, bagging, possession for sale or use:** No person shall be allowed for stevedoring, bagging and possession for sale of use Ammonium Nitrate except under conditions of a permit granted under these rules at an authorised store house as specified therein.
 - (3) **Restriction on import or export** -
 - (a) No person shall import or export any Ammonium Nitrate except under and in accordance with the conditions of permit granted under these rules by DGFT, Ministry of Commerce and Industry.
 - (4) **Restriction on transport** - Ammonium Nitrate shall not be transported with any explosives, inflammable substances, oil, carbonaceous matter etc.
 - (5) **Restriction on delivery or dispatch** - No person shall deliver or despatch any Ammonium Nitrate or Ammonium Nitrate melt to any one other than a person who-
 - (i) is the holder of a permit to possess the Ammonium Nitrate or the agent of a holder of such a permit duly authorised by him in writing on his behalf; or
 - (ii) is entitled under these rules to possess the Ammonium Nitrate without a permit.
 - (b) The Ammonium Nitrate so delivered or despatched shall in no case exceed the quantity at any point of time for which the person is holding a permit under these rules.
 - (c) No person shall receive Ammonium Nitrate from any person other than the holder of a permit granted under these rules.
 - (d) No person shall receive from or transfer Ammonium Nitrate to any person for a temporary storage or safe custody in a authorized

premises unless prior approval is obtained from the District Authority having jurisdiction.

- (6) Restriction on employment of children, intoxicated persons and certain other persons - No person shall employ, allow or engage a person -
 - (a) who is below the age of eighteen years; or
 - (b) who is in a state of intoxication; or
 - (c) who is of mentally or physically challenged,
for conversion, storage, sale, loading, unloading or transport of Ammonium Nitrate or to enter any premises permitted under these rules.
 - (7) Restriction on toxic, corrosive or flammable substances - No toxic, corrosive or flammable or otherwise dangerous substances shall be allowed in the premises meant for conversion, storage or handling of Ammonium Nitrate.
 - (8) Ammonium Nitrate shall not be used for blasting either alone or in combination unless permitted under Explosives Rules, 2008.
7. **Employment of competent person.**— (1) No Ammonium Nitrate shall be converted or bagged in any building or part thereof except under the supervision of a person employed by the permit holder well conversant with the process of conversion/bagging of Ammonium Nitrate, hazards connected therewith and the provisions of these rules.
- (2) All operations associated with stevedoring, handling and use of Ammonium Nitrate shall be carried out under supervision of Competent person.
8. **Packing of Ammonium Nitrate.** - (1) No person shall import, export, tender to transport, possess or sell Ammonium Nitrate unless -
 - (a) it is duly packed in a suitable bag/container or is suitably bagged by stevedore/converter;
 - (b) the container or package is marked in accordance with rule 9;
 - (c) the packages conform to the relevant standard of Bureau of Indian Standards;
 - (d) packages of Ammonium Nitrate for export or import conform to the requirements of the tests as specified for various classifications under International Maritime Dangerous Goods Code (hereinafter referred to as the IMDG Code in these rules) or International Air Transport Authority code or United Nations recommendations on the transport of Dangerous Goods.
9. **Marking on Ammonium Nitrate and packages.**-(1) **Marking on packages** - Each bag or container containing Ammonium Nitrate shall be marked in conspicuous indelible character, by means of a stamping or painting with -

- (a) the word "AMMONIUM NITRATE";
- (b) the name and address of manufacturer, stevedore or converter;
- (c) identification number of the package;
- (d) the net weight of Ammonium Nitrate;
- (e) gross weight of the package;
- (f) date of manufacture & batch number;
- (g) unique identification number of stevedoring agent.

(2) In order to appropriately maintain an audit trail of all the bags produced/ imported an electronic bar-coding shall be done by the manufacturer / importer failing which all consignments, save such inscription, shall be deemed as not validly produced/ imported and invite penalties applicable to and commensurate with any illegal production / import of ammonium nitrate under the "Act".

10. Special precautions against accident. - (1) No person shall commit or attempt to commit any act which may tend to cause a fire or explosion in or about any place where an Ammonium Nitrate is converted, stored or transported.

(2) Every person possessing Ammonium Nitrate and every person in charge of or engaged in the import, export, conversion, sale, transport or handling of Ammonium Nitrate shall at all times comply with the provisions of these rules and the conditions of the permit relating thereto and observe all due precautions for the prevention of thefts or accidents by fire or explosion.

(3) Every person shall prevent any other person from committing any such act as is prohibited under sub-rule (1).

11. Restriction on unauthorised persons and provision of guards. – (1) The permit holder shall at his own expense provide security guards for safe custody of Ammonium Nitrate stored in a storehouse.

(2) For the purposes of sub-rule (1), where the premises is located in the sensitive area notified by Ministry of Home Affairs, the security guards shall be of such strength as the District Authority may consider it to be sufficient.

(3) The premises used for conversion of the melt into solid form of Ammonium Nitrate and storehouse shall be surrounded by a wall of at least two metres high and of such strength and construction as to effectively prevent entry of unauthorised persons.

(4) The area enclosed by such wall or fence referred to in sub-rule (3) shall cover the zone of 5 metres required to be kept clear from any of the process buildings or sheds.

(5) The storehouse shall be constructed as follows:

- (b) The storehouse shall be single storied building, well ventilated with at least 23 centimetres thick walls built of brick or stone mortar, or concrete and roof of RCC/Asbestos sheet/GI sheet.
- (c) The storehouse shall maintain clearance of 5 metres on all sides and protected by 2 metres high boundary wall or barbed wire fencing provided store houses forming part of AN manufacturing plant or Nitrous oxide gas manufacturing plant need not be provided independent boundary wall and barbed wire fencing, if such plants are provided with common boundary wall and barbed wire fencing.
- (d) The floor level of storehouse shall be not less than 45 cms from the ground level and the interior of the storehouse shall be kept clean.
- (e) The door of storehouse shall be made of steel of minimum 5 mm thick and open outwards.

12. Prohibition of certain acts. - No person shall -

- (1) provide false or misleading information or declaration in any application made or statement submitted under these rules; or
- (2) falsify, erase or fraudulently alter any entry in any log, document or other record required to be kept or maintained under these rules; or
- (3) change or alter any permit, permit or other documents issued under these rules.

13. Maintenance of records and submission of returns. - (1) Every person holding a permit granted under these rules for conversion, stevedoring, possession, sale, use, transport, import or export of Ammonium Nitrate shall maintain records in the prescribed forms specified in **Part 3 of Schedule I to ensure accountability, identification and traceability of Ammonium Nitrate and shall produce such records on demand to an authority specified in rule 44.**

- (2) Stock books in prescribed forms shall be page numbered and certified by any officer authorised under these rules and such records shall be retained for period of three years, unless otherwise directed by an authority.
- (3) The permit holder shall submit quarterly returns of Ammonium Nitrate manufactured, stevedored, received, sold or transported or used or destroyed or imported or exported to the District Magistrate in the form prescribed in **Part 3 of Schedule I** so as to reach the above authority within tenth day of every succeeding quarter.

Chapter III

Provisions for conversion, possession, sale, use of Ammonium Nitrate

14. **Security Management Plan:** (1) A person intending to conversion, stevedoring, bagging, possess for sale or use, transport, import, and export Ammonium Nitrate shall submit Security Management Plan to District authority for approval which shall include following activities:
- (a) Identifying and assessing security risk associated with the activities;
 - (b) Set of process adopted by the holder of the permit to apply to the authorized activities and keeping of Ammonium Nitrate secure;
 - (c) Nature of the surveillance;
 - (d) Documentation and record keeping so as to ensure accountability, identification and traceability of Ammonium Nitrate;
 - (e) Security arrangement for storehouse, tankers containing Ammonium Nitrate melt, transport of Ammonium Nitrate by dedicated truck. Security during transport of Ammonium Nitrate including its loading/unloading;
 - (f) Mechanism for controlling and restricting access of unauthorized person to Ammonium Nitrate Storage;
 - (g) Assigning of responsibility for ensuring compliance with plan or task.

Chapter IV

Provisions for Import or Export of Ammonium Nitrate General

15. **Import or export by land.-** No permit for import or export of Ammonium Nitrate by land shall be granted without the previous sanction of the Central Government in each case, wherein the Central Government may impose conditions and restrictions, if any on recommendation of Ministry of Home Affairs.
16. **Compliance of Port Rules.** - The provision of rules regulating to handling of Ammonium Nitrate at the notified ports issued under the Act and respective Port Rules and byelaws shall be observed.
17. **Import/Export of Ammonium Nitrate** - Ammonium Nitrate shall preferably be imported in the bagged form. Whenever, Ammonium Nitrate is imported in bulk, it shall be bagged/packed suitably by authorized stevedoring agency in writing by importer and having valid permit for clearing Ammonium Nitrate from the ship, its transport in loose form to storehouse for further bagging. The stevedoring agent shall maintain records of Ammonium Nitrate received and dispatched to each importer to ensure accountability, identification & traceability and file returns. Each bag of Ammonium Nitrate shall be marked by stevedoring agent in accordance with Rule 9.

18. **Export of Ammonium Nitrate.** - (1) Declaration by exporter or his agent - (a) The exporter or his authorised agent shall give notice to the conservator of the port before forty eight hours that he intends to bring Ammonium Nitrate to port for export and shall not bring the Ammonium Nitrate to any part of the port without prior permission in writing from the said officer.
- (2) Export of Ammonium Nitrate shall only be in the bagged form.

Chapter V
Provisions for Transportation of Ammonium Nitrate
General

19. **Procedure to be followed during transportation.** - (1) Every consignment of Ammonium Nitrate or Ammonium Nitrate melt transported under permit shall be accompanied by a pass issued by the consignor in **Form R- 9 of Schedule I Part-3**
- (2) Such pass shall be attached to the way-bill, invoice or despatch note as the case may be.
- (3) A copy of every pass issued under sub-rule (2) shall forthwith be sent by the consignor to—
- (4) The District Authority who issued the permit of the consignor;
- (a) the District Superintendent of Police in whose jurisdiction the place from which the consignment is sent is situated;
- (b) the District Superintendent of Police in whose jurisdiction the place to which the consignment is sent is situated.
20. **Documents to be available during transport-**
- (1) Ammonium Nitrate or Ammonium Nitrate melt shall be transported only by transporters holding permit issued by the District Authority.
- (2) The transporters will depute driver duly authorised for actual receipt of the consignment of Ammonium Nitrate and whose driving licence will be endorsed by the transporters.
- (3) The operator of a truck/tanker carrying Ammonium Nitrate shall be adequately secured and sealed and shall ensure that the driver or any attendant thereof has in his possession the following documents during transport namely:-
- (a) copy of indent in Form R-8 under Part 3 of Schedule I, issued by the consignee.
- (b) copy of transport pass in Form R-9 under Part 3 of Schedule I issued by the consignor.
- (c) original copy of bill of Ammonium Nitrate being transported.
- (5) The documents mentioned in sub-rule (1) shall be produced on demand by the authority empowered under rule 44.

21. Loading, unloading, maintenance and operation of a truck/tanker engaged in transport of Ammonium Nitrate—

- (1) The driver or operator of a truck/tanker carrying or containing Ammonium Nitrate shall not stop for a longer period than is reasonably required, and shall avoid stops on places where public safety is in danger:

Provided that where a truck/tanker transporting or containing Ammonium Nitrate is parked over night due to any reasons beyond the control of the driver, the premises in which the truck/tanker is parked-

- (a) shall not be used for any purpose that might give rise to the presence therein of an open flame, matches or any substance or article likely to cause explosion or fire;
- (b) shall be away from any habitation of any godown containing articles of a flammable nature or other hazardous goods:

Provided further that the nearest police station shall be informed about the location and temporary parking of the truck/tanker.

- (3) A truck/tanker while transporting Ammonium Nitrate shall be adequately secured at the expense of the permit holder. If the consignment of Ammonium Nitrate is likely to pass through sensitive areas notified by the Ministry of Home Affairs, it should be escorted by armed police escort or guard, provided by the District Police Administration.
- (4) Ammonium Nitrate melt shall be transported in specially designed tanker with discharge faucets duly sealed by the melt supplying firm. The melt supplying firm shall issue quality control certificate indicating clearly the concentration factor of the melt. The converter/user shall verify that the seal on discharge faucet is intact and verify concentration factor of Ammonium Nitrate.
- (5) Each truck/tanker engaged in transport of Ammonium Nitrate shall be equipped with Global Positioning System(GPS) Unit for tracking the truck's/ tanker's location.
- (6) Transport of Ammonium Nitrate in sensitive area notified by Ministry of Home Affairs shall not be allowed during the period of Sunset to Sunrise.

Chapter VI
Provisions for Possession, Sale and Use of Ammonium Nitrate

- 22. Possession in authorized premises.**-(1) A person holding permit for possession of Ammonium Nitrate granted under these rules shall store the Ammonium Nitrate only in premises specified in the permit.
- (2) The authorized storehouse shall be kept securely closed or locked except when goods are being placed in or taken from it or when it must be kept open for some other bonafide purpose.
- (3) The keys of the authorized storehouse shall be kept secured in permit holder's custody or with his authorised agent and shall be produced for inspection by the inspecting officer.
- (4) The name and address of the person along with passport size photograph with whom the keys will be kept shall be furnished to the District authority having jurisdiction.
- 23. Quantity of Ammonium Nitrate to be purchased in a given period of time. —** A permit holder for possession, sale or use of Ammonium Nitrate in and from a storehouse shall purchase only such quantity of Ammonium Nitrate in a given period as may be specified in the permit.
- 24. Accountability and transaction of Ammonium Nitrate -** (1) All permits granted under these rules shall bear the photograph of the permit holder or occupier.
- (2) For purchase and transaction of Ammonium Nitrate, following procedures shall be observed -
- (a) Form R-8 under **Part 3 of Schedule I** shall be signed by the permit holder or his authorised representative;
- (b) Photograph and specimen signature of the permit holder or occupier shall be filed with the supplier of Ammonium Nitrate;
- (c) Photograph, specimen signature and address of the permit holder's authorised representative duly attested by the permit holder or occupier shall be filed with the supplier of Ammonium Nitrate;
- (d) The supplier of Ammonium Nitrate shall verify the photograph and signature before effecting the delivery.
- (e) The authorised representative mentioned in clause (c), shall represent one permit holder only for receiving Ammonium Nitrate on his behalf:
- (f) Destruction of spilled / sweeping of Ammonium Nitrate: The waste Ammonium Nitrate collected from sweeping or spilled shall be destroyed by the permit holder and account thereof shall be maintained indicating the quantity of the Ammonium Nitrate destroyed.

Chapter VII

Grant or refusal of approval, permit, amendment, transfer and renewal.

25. **Authority issuing Permits** - All permits for conversion, stevedoring, **bagging**, possession & sale, possession & use of Ammonium Nitrate shall be issued by the respective District Authority. Authority to issue permit for import/export shall be DGFT on recommendation of DIPP, Ministry of Commerce and Industry. Particulars of permits for different activities are given in Part 2 of Schedule I.
26. **Payment of Fees.** - The following annual fee shall be payable for issuance of permits for different activities.
- | | |
|--|----------------|
| 1) Scrutiny fee for approval | - Rs. 500/- |
| 2) Permit for Possession by the Manufacturer/ <u>Converter</u> | - Rs.10, 000/- |
| 3) Permit for Possession & sale | - Rs. 2000/- |
| 4) Permit for Possession & use | - Rs. 1000/- |
| 5) Permit for Import | - Rs. 5000/- |
| 6) Permit for Export | - Rs. 5000/- |
| 7) Permit for Stevedoring & possession | - Rs.10, 000/- |
| 8) Permit for bagging | - Rs. 2,000/- |
| 9) Permit for Transporters | - Rs. 2000/- |
| 10) Duplicate copy of any permit | - Rs. 1, 00/- |
27. **Prior approval for construction of a storehouse** - (1) A person intending to obtain a permit for construction of a storehouse shall obtain prior approval from the District Authority by submitting documents mentioned in rule 33.
28. **Application for grant of permit.** - After the construction of premises is completed, the applicant shall apply for grant of permit along with documents stated in rule 33.
29. **Period of validity of permit.** - A permit may be granted for the period of maximum five years except for import/export permit which will be valid for 6 months.
30. **Grant of a permit—** (1) The District Authority, on being satisfied with the documents received for grant of permit, and after making such inquiry, if any, as it may consider necessary, shall, subject to the other provisions of this Act and these rules, by order in writing either grant the permit or refuse to grant the same.
- (2) The District Authority after grant of a permit other than for export or import of Ammonium Nitrate, after conducting inspection of the premises to ensure conformity of the premises to the provisions of the Act and these

rules, shall endorse the permit and from the date of such endorsement, the permit shall come into force.

Provided, that if the District Authority grants a permit without conducting prior inspection, such authority shall issue provisional permission pending endorsement of permit to use the premises for a period which the District Authority may require for conducting inspection of the premises for endorsement of the permit.

- (3) The District Authority may refer the case to the Chief Controller for seeking any expert opinion.

31. Procedure for change of partners or directors or members or occupier. - Whenever any new partner or member or director is inducted in the partnership firm or society or association or company, as the case may be, without any change in the name of the permit holder firm or society or association or company, the permit holder shall submit application to the licensing authority for accepting the newly inducted partners or members or directors, -

(a) names and addresses of newly inducted partners or directors or members as the case may be, and in case the occupier is changed, photographs of the new occupier;

(b) requisite scrutiny fee;

(c) any other document as may be called for by the District Authority.

32. Renewal of permit. - Every permit except the permits granted for import/export of Ammonium Nitrate, shall be renewable for a maximum period of five years. Renewal application shall reach the District Authority on or before the date of expiry of the permit.

33. Documents to be submitted for seeking approval/permit.

- (1) Application in appropriate Form as per Schedule I, Part-I.
- (2) Plan of the proposed buildings or storehouse and the site showing approach road to the storehouse / stevedoring godown / conversion premises, all buildings in and around.
- (3) Particulars of person employed for handling of Ammonium Nitrate their qualification and experience.
- (4) Passport size photographs of the occupier along with documentary evidence of nomination as occupier.
- (5) Scrutiny/Permit fee as per Rule 26.

34. Refusal to grant permit. —

- (1) The District Authority refusing to grant approval or permit including amendment and renewal shall record in writing the reasons for such refusal and

communicate the same to the applicant. Before refusal, the applicant shall be given an opportunity of being heard.

35. Refusal to renew a permit.—(1) The District Authority refusing to amend or renew a permit shall record the reasons for such refusal in writing.

(2) The District Authority shall refuse to renew a permit if such permit can be revoked in accordance with the Act or these rules.

(3) A brief statement of reasons for refusal to renew a permit shall be given to the holder of the permit on demand unless in any case the District Authority is of the opinion that it will not be in public interest to furnish such statement.

(4) Where the renewal of the permit is refused, the fee paid for the renewal shall be refunded to the permit holder after deducting the proportionate fee for the period beginning from the date from which the permit was to be renewed up to the date from which renewal thereof is refused.

(5) Before refusing renewal of a permit under the rule, the holder of the permit shall be given an opportunity of being heard.

36. Suspension and revocation or cancellation of permit. - (1) every permit granted under these rules shall -

(I) stand cancelled, if -

(a) the permit holder has ceased to have any right for the lawful possession over the authorized premises.

(b) the permit holder is convicted and sentenced under any criminal offences or ordered to execute under Chapter VIII of the Code of Criminal Procedure, 1973(2 of 1974), a bond for keeping peace for good behaviour;

(II) be liable to be suspended or cancelled by an order of the District Authority for any contravention of the Act or these rules or of any condition contained in such permit, or by order of the Central Government, if it is satisfied that there are sufficient grounds for doing so:

Provided that before suspending or cancelling a permit under this rule, the holder of the permit shall be given an opportunity of being heard.

(2) The suspension or cancellation shall take effect from the date specified therein.

(3) An order of suspension or revocation of a permit shall be deemed to have been served if sent by post to the address of the permit holder entered in the permit.

- (4) The suspension of a permit shall not debar the holder of the permit from applying for the renewal.
- (5) Notwithstanding anything contained in sub-rule (1), an opportunity of being heard may not be given to the holder of the permit before his permit is suspended or cancelled in cases -
 - i) where the permit is suspended by a District Authority as an interim measure for violation of any of the provisions of the Act or these rules or of any conditions contained in such permit and in his opinion such violation is likely to cause imminent danger to the public:

Provided that where a permit is so suspended, the District Authority shall give the holder of the permit an opportunity of being heard before the order of suspension is confirmed; or
 - ii) where the permit is suspended or cancelled by the Central Government, in the public interest or in the interest of the security of the State, such opportunity should not be given.
- (6) A District Authority or the Central Government suspending or cancelling a permit shall record its reason for so doing in writing.

- 37. Procedure on expiry, suspension or revocation or cancellation of permit.—**
(1) A permit holder on the expiry, suspension or revocation or cancellation of the permit shall forthwith give notice to the District Authority, of the description and quantity of Ammonium Nitrate in his possession and shall comply with the directions which the permit granting authority may give in regard to their disposal.
- (2) In case the permit is revoked or cancelled by the District Authority, fee for unexpired portion will be reimbursed to the applicant by the licensing authority.
- 38. Provision for appeal. -** (1) An appeal against an order of the District Authority refusing to grant or renew a permit or suspending or revoking a permit or certificate or varying the condition of a permit or certificate shall lie, to the next higher Authority.
- 39. Procedure to be followed by the appellate authority. —** (1) On receipt of the appeal and if such appeal can be admitted in accordance with the Act the appellate authority may call for records of the case from the authority who passed the order appealed against and may make such further enquiries as it may deem necessary and after giving the appellant a reasonable opportunity of being heard, pass final orders.
- 40. Procedure on death or disability of permit holder.-** (1) If a permit holder dies or becomes insolvent or becomes mentally incapable or otherwise disabled, the permit granted to him under these rules shall stand cancelled on the date of the permit holder's death or mental incapacity or insolvency or disability, as the case may be.

(2) The legal heirs or representatives of the permit holder referred to in sub-rule

(1) shall as soon as may be, notify the District Authority –

(a) the date of death, insolvency, mental incapacity or other disability as the case may be, of the permit holder, and

(b) shall await the directions of the licensing authority with regard to the disposal of the Ammonium Nitrate kept at the authorized premises.

41. **Loss of permit.** – Where a permit granted under these rules or an authenticated copy granted thereof, is lost or accidentally destroyed, a duplicate may be granted on payment of fees, as given under Rule 26

Chapter- VIII

Powers vested with Authorities

42. **Power of officers to demand permit or pass.**—(1) Every person holding or acting under a permit granted under these rules shall, when called upon to do so by any authority specified in rule 44, produce it, or an authenticated copy of it, at such time and place as may be directed by such officer.

(2) Every person in charge of a consignment of Ammonium Nitrate or Ammonium Nitrate melt in transit under cover of a pass issued under these rules shall produce it when called upon to do so by any authority specified in rule 44.

(3) Copies of any permit may, for the purposes of this rule, be authenticated free of charge by the authority, which granted the permit.

43. **Executive control over authorities.** – Every authority other than the Central Government acting under this Chapter shall be subject to the directions and control of the Central Government.

44. **Powers of search and seizure.** –(1) Any authority specified in column (1) of the Table below may within the jurisdiction specified in the corresponding entry in column (2) of that Table -

(a) enter, inspect and examine any place, aircraft, train, carriage, vessel or any mode of transport in which an Ammonium Nitrate is being converted, possessed, used, sold, transported, exported or imported under a permit granted under these rules, or in which he has reason to believe that an Ammonium Nitrate has been or is being converted, possessed, used, sold, transported, exported or imported in contravention of the Act or these rules;

(b) search for Ammonium Nitrate or ingredients thereof;

(c) take samples of any Ammonium Nitrate or ingredients found therein;

(d) seize, detain and remove any Ammonium Nitrate or ingredients thereof found therein together with connected documents thereof in respect

of which he has reason to believe that any of the provisions of the Act or these rules have been contravened.

Table

Signature, Designation and seal of District Authority

Statutory Warning: Misuse of explosives shall constitute serious criminal offence under the law.

Conditions

- (1) This permit is not transferable.
- (2) This permit or its authenticated copy shall at all times be kept in the van and produced on demand by an inspecting officer.
- (3) Ammonium Nitrate shall not be transported with any explosives, inflammable substances, oil, carbonaceous matter etc.
- (4) The driver or operator of a truck carrying or containing an Ammonium Nitrate shall not stop unnecessarily or for a longer period than is reasonably required, and shall avoid stops or places where public safety is in danger:
Provided that where a truck transporting or containing Ammonium Nitrate is parked over night due to breakdown of truck or any reasons beyond the control of the driver, the premises in which the truck is parked-
 - (a) shall not be used for any purpose that might give rise to the presence therein of an open flame, matches or any substance or article likely to cause explosion or fire;
 - (b) shall be away from any habitation of any go down containing articles of a flammable nature or other hazardous goods:Provided further that the nearest police station shall be informed about the location and temporary parking of the truck.
- (5) A truck while transporting Ammonium Nitrate shall be adequately secured at the expense of the permit holder. If the consignment of Ammonium Nitrate is likely to pass through sensitive areas notified by the Ministry of Home Affairs, it should be escorted by armed police escort or guard, provided by the District Police Administration.
- (6) Ammonium Nitrate melt shall be transported in specially designed tankers with discharge faucets duly sealed by the melt supplying firm. The melt supplying firm shall issue quality control certificate indicating clearly the concentration factor of the melt. The converter shall verify that the seal on discharge faucet is intact and verify concentration factor of Ammonium Nitrate.
- (2) Each dedicated truck engaged in transport of Ammonium Nitrate and the tanker for transport of Ammonium Nitrate melt shall be equipped with GPS/GSM unit with sensors (of approved flameproof construction certified by national/international agency) for tracking the truck's/tanker's location, monitor alarm situations and assistance in emergencies.
- (3) Transport of Ammonium Nitrate in sensitive area notified by Ministry of Home Affairs shall not be allowed during the period of Sunset to Sunrise.
- (8) No smoking and no fire or artificial light or any article capable of causing fire shall be allowed on the truck carrying Ammonium Nitrate or Ammonium Nitrate melt.
- (9) The truck shall not be used for carrying passenger.
- (10) The Truck, while Ammonium Nitrate are being loaded or unloaded or transported shall always be under the charge of competent person who shall be experienced in handling of Ammonium Nitrate and fully conversant there under. Where the truck is not driven by the permit holder, a document signed by the permit holder naming persons authorised to drive and accompany the truck shall be carried in the truck and produced on demand to an inspecting officer.
- (11) The Ammonium Nitrate shall be loaded into the truck only at the authorized premises of consignor and unloaded from the truck at the authorized premises of the consignee.
- (12) The permit holder shall maintain account of Ammonium Nitrate transported in Form R- 4 and present the same on demand by an inspecting officer.
- (13) Free access shall be given at all reasonable times to any inspecting or sampling officer and every facility shall be afforded to the officer for ascertaining that the provisions of the Act or these rules and these conditions are duly observed.

- (14) Accidents by fire or explosion and losses, shortage or theft of Ammonium Nitrate shall be immediately reported to the nearest police station and the District authority and local office of the District authority.
- (15) Permit holder engaged in conversion, stevedoring, possession, sale, use, transport, import & export of Ammonium Nitrate shall maintain records in the prescribed formats specified in Shedule I Part 3 to ensure accountability, identification and traceability of Ammonium Nitrate and shall produce such records on demand to authority specified in Rule 44.
- (16) The permit holder shall submit quarterly returns of Ammonium Nitrate converted, stevedored, received, sold or transported or used or destroyed or imported or exported to the District Authority in the form prescribed in **Form R-7 Part 3 of Schedule I** so as to reach the District Authority within tenth day of every succeeding quarter.
