**GOVERNMENT OF INDIA
MINISTRY OF HOME AFFAIRS
(PM DIVISION)**

EXPRESSION OF INTEREST

The issues of safety of women and other vulnerable sections of society are engaging the attention of the Police and concerned agencies in and outside the Government. It is being increasingly felt that there is need for innovative ideas to tackle these issues and that effective use of technology can go a long way in ensuring safety.

Accordingly, the Ministry of Home Affairs (MHA) seeks appropriate proposals in this regard from the Technology Solution Providers (TSPs), Technology Institutes (TIs) and organisations. The proposals should reach the below mentioned office by or before November 28, 2013 through email or by post. The proposals will be scrutinized by a Committee of Experts to shortlist a smaller number of more useful and implementable proposals. The concerned TSPs/TIs/Organisations will then be invited to make a presentation before the Committee. The finally selected proposals would be circulated among the stakeholders for appropriate adoption/implementation.

Joint Secretary (Police Modernisation)
Ministry of Home Affairs
Jaisalmer House, 26, Mansingh Road,
