F. No. 22011/05/2010 SR (CCTNS)/87
Government of India
Ministry of Home Affairs
(PM Division)

Jaisalmer House, New Delhi
Dated – 22nd Sep 2017

To,
Nodal Officers, CCTNS Project of all States/UTs

Subject: Clarification to States/UTs regarding upgradation of bandwidth

Dear Sir/ Madam,

Attention of all Nodal officers is invited to this department for Letter No. 22011/05/2010 – SR (CCTNS) Dated 24th Aug 2017 advising the States/UTs to upgrade the existing bandwidth from 512 Kbps to 2 Mbps using VPoBB over Copper for CCTNS Police Stations under the existing MoA with BSNL, or alternatively through new internet service provider in consultation with MeITy and NCRB for purpose of ensuring secured network, of course within the BSNL rates.

2. Some States/UTs have requested MHA for provision of funds for upgradation of bandwidth for CCTNS Police Stations/Sites effected with approval of State Government prior to issue of aforementioned letter. Some other States/UTs are also asking for MPLS, higher bandwidths, optical fiber etc.

3. It is once again clarified that financial support from MHA would be provided prospectively with effect from the date of issue of the aforementioned letter up to March 2018 only for actual upgradation of bandwidth from 512 Kbps to 2 Mbps using VPoBB over Copper and RF connectivity for technically non feasible Police Stations subject to condition that costing for using RF connectivity at such sites is not more than VSAT costing already proposed under MoA with BSNL under CCTNS project. After March 2018, the States/UTs have to bear the cost of connectivity for CCTNS project.

Yours faithfully,

Srinibas Pradhan
DS (CCTNS)
